Phfi Department of chemistry, I.B.S., Dr.B. R. Ambedkar University, Agra	Trainee or student	India	It is really nice and well organised	Very Good	Interaction was awesome during all the sessions	Children?s Environmental Health	Very Good	Relevant to Conference theme	I had really gathered lots of knowledge during the workshop	Did not attend		Excellent		Yes	
Dr. B R Ambedkar University, Agra	Trainee or student	India	I thought it was a great conference. I enjoyed it a lot, very welcoming atmosphere.	Very Good	This conference have solid content in presentations. The student presentations and posters were outstanding.	Children?s Environmental Health	Good	Relevant to Conference theme	For me, the pre-conference workshop generated a lot of ideas about how to continue to expand my skills and my professional qualifications.	Very Good	Good networking opportunity. Nice setting.	Very Good	Impressed by quality of keynotes and presenters at the conference.'	Yes	
Bandung Institute Of Technology Indonesia	Mid-Career Faculty	Indonesia		Good		Health Impact Assessment	Very Good	Relevant to Conference theme				Very Good		Yes	
phfi	Trainee or student	India	Very good	Very Good	Good	Health Impact Assessment	Excellent	Good Range of Topics	Good	Excellent	Yes	Excellent		Yes	Environmental
Mahendra Multiple Campus PHFI	Trainee or student	India					Excellent	Good Range of Topics		Did not attend		Excellent		Yes	
University of Colorado	Senior Faculty	USA		Good	No need to read the bios of all the speakers!. This was a huge time sink and added no value. If at all, the speakers should be asked to give 3 bullets about their bio so that they are short and crisp.										
Indian Institute of public health, Hyderabad	Trainee or student	India	It is good, well- maintained. Learned lot many things about environmental health. Meet many peoples which will help me further in my carrier life. Lucky to be the part of this conference...	Excellent		Children?s Environmental Health	Excellent	Good Range of Topics		Very Good		Excellent		Yes	
PHFI	Other: Manager, Centre for Environmental Health	India		Very Good						Good		Excellent		Yes	
PHFI	Other: EMPLOYEE	INDIA	NOT APPLICABLE	Good	NA	Health Impact Assessment	Very Good	Relevant to Conference theme	NOT APPLICABLE	Good	NOT APPLICABLE	Good	NA	Yes	NA
Ambedkar University, Delhi	Trainee or student	India		Very Good		Health Impact Assessment	Very Good	Relevant to Conference theme		Did not attend		Very Good		Yes	environment health and development
Indian Institute of Public Health	Trainee or student														
Independent	Other: Independent	India	Very helpful staff Very well organised	Excellent	Excellent speakers	Children?s Environmental Health	Good	Relevant to Conference theme		Did not attend		Excellent	There was a great variety of sessions with a mix of speakers from different regions and different backgrounds It was so timely to have the Lancet Commission for Pollution and Health at the event	Yes	
Srm University	Mid-Career Faculty	INDIA		Very Good								Very Good		Yes	E-WASTE
Indian Institute Of Public Health, Delhi	Trainee or student	India	It was very engaging and enriching...got the opportunity to listen to speakers from different parts of the globe.									Excellent		Yes	Child education, NCDs, food security, sanitation
j.l.n medical college and hospital ajmer	Trainee or student	INDIA	It was a well organized and very informative conference which provided lot of intellectual food for thought and improved awareness towards the pollution.	Very Good	Overall the presentations were good and informative.	Children?s Environmental Health	Very Good	Relevant to Conference theme	Workshop was to the point,well oriented speakers and very valuable information was given.	Did not attend		Very Good	Kindly organize such conferences more in collaboration with medical fraternity so that medicos may understand better the environment A list of attendees (name, affiliation, contact information) will be helpful to have.	Yes	Besides ambient air pollution, try n focus on noise pollution too, its a serious problem these days and a pertaining health hazard Exposure assessment in the Pacific Region and health effects of mixture exposures
University of Cincinnati	Mid-Career Faculty	US	Very good organization! Thanks!	Excellent						Excellent		Excellent		Yes	
Indian Institute of Public Health	Other: Head GAP	INDIA		Excellent		Health Impact Assessment	Excellent	Well Delivered		Did not attend		Excellent		Yes	
INTERNATIONAL INSTITUTE FOR POPULATION SCIENCES	Other: PHD student	India		Good		Children?s Environmental Health	Good	Relevant to Conference theme		Good		Good		Yes	Public health, reproductive health
NIEHS/NIH	Senior Faculty	US	Well organized lots of people to help and answer questions.	Excellent	Excellent speakers and appropriate topics		Good			Excellent		Excellent		Yes	Same range Plus keep emphasis on topics relevant to host country. Could add sessions on disaster related research, climate change, biomonitoring - how to collect appropriate samples and analytic methods ; geospatial analyses and modeling data
UTHSC	Senior Faculty	USA	The meeting and discussion were great! I will be back.	Excellent		Children?s Environmental Health	Excellent	Good Range of Topics		Excellent		Excellent		Yes	
Tata Institute of Social Sciences	Trainee or student	India	The entire experience was good	Very Good	Should be more interactive	Health Impact Assessment	Very Good	Good Range of Topics	More interactive	Good	Yes it was	Very Good	Inclusion of more graduate students	Yes	Occupational health
Tamil Nadu Agricultural University	Senior Faculty	india	Venue: Good Pre conference workshops: all are eye opening sessions Concurrent sessions: neatly arranged Time Management: Exceptionally good The response and work of Dr.Poornima Prabhakarans should be appreciated. Food : good	Excellent	I found it really insightful and interesting as expected. Really worth it. Paves way for immediate applications. The key note address by Dr.Srinath Reddy was excellent and cool. I enjoyed it All the plenaries was good. A great mix of topics and talking Special mentions to Dr.Sowmya swaminathans thought provoking speech Dr.Tk joshi session made me to workout safty measures to be insisted in the laboratory	Health Impact Assessment	Very Good	Relevant to Conference theme	Unable to discuss with the speakers due to limited time for workshop Now i am working on heavy metal flow from Food grains to human. So it is right time i attended the conference.	Did not attend		Excellent	Volume-nous of information as three day package is excellent I appreciate and thank the organizers for giving such wonderful opportunity. I am from an academic Institute cum Research Institute. If the conference proceedings is given as e content, that will be very useful to pass the informations.	Yes	Many topics opened the effect of various environmental issues. But Solutions were not addressed. So that should be focused.
Indian Institute Of Public Health, Hyderabad	Trainee or student	INDIA	The organisation was highly interactive and they really worked very hard around the clock to make this event successful.	Very Good	Everything was well organised and structured. Got to meet very very important people, got to learn many things through different symposiums which really helped to gather knowledge from the diversified areas.		Excellent	Good Range of Topics	Sorry. Coundt attend.	Good	It was upto the mark.The seniors were very very comfortable and friendly to interact with. It was a unique xperience meeting with them which will help us for bigger opportunities in near future.	Excellent	Hope we will get to attend many such conferences i future which will really help us shaping our career goals.	Yes	More specific on environmental hazards, and their utilisation for career opportunities in india.
K S Hegde Medical Academy, Nitte University Public Health Foundation of India	Trainee or student	India		Very Good		Children?s Environmental Health	Excellent	Well Delivered		Very Good		Excellent		Yes	
Universitas Indonesia	Mid-Career Faculty	India		Very Good								Very Good		Yes	
Universitas Indonesia	Trainee or student	Indonesia	It's better to add poster about the location of the event in india habitat centre since there are others even that is held by another institution	Excellent		Children?s Environmental Health	Excellent	Good Range of Topics		Excellent		Excellent		Yes	Metal
Phfi	Trainee or student	India	Good management	Excellent		Scientific and Grant Writing	Excellent	Well Delivered		Did not attend		Excellent		Yes	
NIEHS/MDA, Inc.	Junior Faculty	US		Very Good						Did not attend		Excellent		Yes	
Acharya Narendra Dev College	Senior Faculty	India	Nicely managed and well organised	Excellent		Scientific and Grant Writing	Excellent	Good Range of Topics	Extremely informative and well delivered			Very Good		Yes	
Public Health Foundation of India	Other: Research Fellow	India		Very Good		Health Impact Assessment	Very Good	Good Range of Topics		Did not attend		Excellent		Yes	
Health Effects Institute	Other: Senior Science Administrator	United States		Very Good						Did not attend		Excellent			
GSSDGS Khalsa College, Patiala	Other: Woman scientist B	India		Very Good	Overall this was upto the mark.	Children?s Environmental Health	Very Good	Relevant to Conference theme	It was very informative to me. I got gud oppertinity to learn about the impact of environmental pollution on children health. I feel this workshop would be beneficial in my current research too.	Did not attend		Very Good	The duration of workshop was short. I would like to see workshops of such types having more time duration in near future.	Yes	Impact of environmental pollution on public health

Public Health Foundation Of India	Mid-Career Faculty	India		Excellent	The symposiums were too good and speakers were very aptly chosen. I would like to congratulate the organizers for their efforts in putting together the multi-dimensional aspects of environmental health.							Excellent		Yes	Would like to hear more about: 1. e-waste disposal policies and solutions of developed world and 2. Solution based approach for water and soil contaminants.
Faculty of Public Health Universitas Indonesia	Senior Faculty	Indonesia	good and efficient	Very Good	good							Very Good	as general conference was done very good, but still have problem with the free wifi access and certificate (attendance, poster presentation and oral presentation) give to the participants at the end of session.	Yes	environmental toxicology
Aligarh Muslim University	Trainee or student	India	Best conference I've ever been to, well organised, precise and enriching. Congratulations for the successful event, looking forward to the next edition.	Excellent	Very well structured and formatted, meeting the global standards overall.	Children?s Environmental Health	Very Good	Good Range of Topics	We had no options of attending two of the workshops out of three, as the scientific grant writing workshop seemed interesting but since they were running parallel to each other, we could only attend one. Great experience overall.	Excellent	It was a unique experience to have the academicians with us, they made us comfortable and instead of erecting walls of professionalism they built bridges of universality.	Excellent	I don't think the conference lacked at any point, so good luck with the next edition.	Yes	Mental Health Issues could be provided more attention or a theme based session would suffice for the inclusivity it requires to be addressed as a public health concern.
Universitas Indonesia	Other: Lecturer staff	Indonesia	Notification of abstrac accepted too close to the event date, as foreign, these is an obstacle for us to have permission from university and visa process in short time.	Very Good	Annouecement about poster presentation schedule were different with oral presentation, perhaps can be same time next, so we can arrange more precision for how long we would stay in India.	Health Impact Assessment	Good	Relevant to Conference theme				Good	add wifi facilities	Yes	Assessment Health impact
Post Graduate Institute of Medicine, University of Colombo, Sri Lanka	Junior Faculty	sri lanka	wel-plannnd , easy access place	Very Good	good and comprehensive	Scientific and Grant Writing	Excellent	Good Range of Topics	experienced presenters were there	Did not attend		Very Good		Yes	NCD prevention related enviornment development and planning, factory and industry related enviornmental topics.
Public Health Foundation of India	Junior Faculty	INDIA		Excellent		Children?s Environmental Health	Excellent	Well Delivered		Excellent		Excellent		Yes	
Indian Institute of Public Health Gandhinagar	Trainee or student	India	It was a great experience for students like us, to learn from professionals of different fields.	Very Good		Children?s Environmental Health	Very Good	Well Delivered		Very Good	Yes, it made us more comfortable interacting with senior academics. But it would have been more better if contact information was shared with all.	Very Good		Yes	Heat Waves and Climate Change
University of Colorado, Anschutz Medical Campus	Junior Faculty	US		Excellent								Excellent		Yes	
University of Colombo	Senior Faculty	Sri Lanka	Excellent												
Health Environment Foundation	Mid-Career Faculty	India		Very Good	There are topics relevant to this part of the world that could be added in future, specially the occupational health and safety and employment of children in hazardous industry.	Health Impact Assessment	Very Good	Well Delivered		Did not attend		Very Good	This was better in contents and in every thing when compared to the one held earlier in Depok.	Yes	Mining and Health care issue of health and safety
Indian Institute of Public health, PHFI	Mid-Career Faculty	India	Well organised logistics and session plans.	Excellent		Children?s Environmental Health	Excellent	Good Range of Topics		Excellent		Excellent		Yes	community based initiatives
NGOs	Other: Phfi employee7	India				Children?s Environmental Health	Excellent	Good Range of Topics		Excellent		Excellent		Yes	
University of Indonesia	Trainee or student	Indonesia	Thank you for your support!	Very Good	The symposium was great, plenary too.	Scientific and Grant Writing	Very Good	Relevant to Conference theme	I am still waiting for the materials to be emailed to me.	Good	The meeting was good but should be organized better	Very Good		Yes	Environment
PHFI	Mid-Career Faculty	India		Good								Very Good		Yes	
University of Manitoba	Junior Faculty	Canada		Very Good		Health Impact Assessment	Good	Well Delivered		Did not attend		Very Good		Yes	
Jawaharlal Nehru University	Other: Ph.D student	India	Registration fee could not be much more differ than early registration. Excellent and well organized.	Good	Secession was excellent	Children?s Environmental Health	Very Good	Relevant to Conference theme	It was too good and informative	Satisfactory	Feeling comfortable with senior academics	Very Good	Conference was good and happy to be member such conference in near future	Yes	Air pollution and public health
University of Indonesia	Senior Faculty	Indonesia	Congratulation	Very Good	Overall well organized and excellent.				NA	Did not attend	NA	Excellent	Well organized and good jobs	Yes	Climate Change and Human Health
PHFI	Senior Faculty	India	Topics and speakers were quite pertinent.	Good		Scientific and Grant Writing	Satisfactory	Well Delivered				Good		Yes	
Mexico National Institute of Public Health	Senior Faculty	MEXICO		Good								Good		Yes	Endocrine disruptors
Public Health Foundation of India	Trainee or student	India				Children?s Environmental Health	Very Good	Good Range of Topics		Very Good		Very Good		Yes	Biomonitoring, community based remediation/research, implementation research
International Water Management Institute	Other: Senior Researcher	Sri Lanka		Good								Good		Yes	
Trisakti University	Senior Faculty	INDONESIA	I have not received the certificate of that conference	Excellent	overall good manage the conference	Health Impact Assessment	Excellent	Relevant to Conference theme	More in manage well, another topics which include environmental pollution		no comments	Excellent	In the next PBC conference I will presentation my research	Yes	Environmental Health and Environmental pollution
WILSON COLLEGE MUMBAI	Mid-Career Faculty	INDIA	The conference was organised in a very schestamatic way. All the arrangements we're very good.	Excellent		Scientific and Grant Writing	Excellent	Good Range of Topics		Excellent	It was very good and I ahve got an opportunity to develop and found mentor for my present and future resaerch on indoor outdoor air pollution and it's health effects on population if developing country.	Excellent		Yes	
Indian Institute of public Health	Trainee or student	INDIA		Excellent		Children?s Environmental Health	Excellent	Good Range of Topics		Excellent	yes it was a very interactive and it gave us an opportunity to understand how early researchers should work to achieve great heights in the field.	Excellent		Yes	
TERI University	Trainee or student	India	I just feel like the event could have been a lot more open. There were very few (or probably none at all) undergrad or school students there. It is very important that these event effectively reach out to the youth.	Good		Scientific and Grant Writing	Excellent	Good Range of Topics	Again, it was attended by very few people. So perhaps it could reach out to more people in the future.	Did not attend		Good		Yes	How social biases affect the way people access healthcare. That is an entire topic in itself.
Chulabhorn Research Institute	Senior Faculty	Thailand		Excellent						Did not attend		Very Good		Yes	
Indian Institute Of Public Health	Trainee or student	INDIA	It was very well organised...	Very Good	student posters and faculty posters should have been judged separately. For students there can be a separate session with more activities like discussions,quiz,seminars,pitching ideas, competitions.etc... Overall it a great learning experience.	Children?s Environmental Health	Very Good	Relevant to Conference theme		Very Good	yes,it was valuable,but time allotted for it was too short.	Very Good	Add some more of student activities...	Yes	current topics on climate change, air pollution, micro-plastics, global warming. we wish the future conferences to have more focus on finding solutions rather than only discussing problems.
Kyoto Collage of Medical Science	Senior Faculty	Japan		Very Good		Children?s Environmental Health	Very Good	Relevant to Conference theme		Excellent		Very Good		Yes	
Department of Toxicology	Senior Faculty	Uruguay		Very Good								Very Good		Yes	
Department of Chemistry, Khandari Campus, Dr B. R. Ambedkar University, Agra	Other: Postdoctoral fellow	INDIA	It was well organized	Excellent	It was very interested and knowledgeable through out the conference	Health Impact Assessment	Very Good	Relevant to Conference theme	It was well organized and managed	Very Good		Excellent	NO	Yes	Air pollution and its health effects
Public Health Foundation of India	Senior Faculty	India	Well -done and good example of team-work!	Very Good	Extensive coverage of all themes and good mix of regional and international experts.	Health Impact Assessment	Very Good	Relevant to Conference theme	Was Faculty and enjoyed all the presentations and interaction with attendees. Realised the need to have a more comprehensive workshop in the near future.	Very Good	I think this exercise should be a routine at all major conferences. besides the networking opportunity, it is also a huge confidence -building exercise for students an dearly career researchers to interact informally with senior researchers and experts.	Excellent	To continue to provide a platform for information exchange, networking and collaboration for the region.	Yes	Air pollution and health effects Children's environmental health Electronic waste Pesticides and health effects Existing policy framework -regional and international-for environmental pollutants and their management
Merit India Consultants Pvt Ltd.	Other: Senior Corporate Position (Retired)	India	Very well organised.	Excellent	-		Excellent	Well Delivered	-			Excellent		Yes	Use of nano technology in environmental tretament

Asian International Union of Environment (AIUE) Commission	Other: Chairman, Asian International Union of Environment Commission	INDIA	The registration, inauguration and first day day program are well organized. The second & third day programs particularly the parallel sessions could have been kept in the same floor area. The concluding session and closing ceremony could have been better organized as per the time schedule. There is no guidance about the reimbursement of the committed support payment for the invited participants.	Very Good		Health Impact Assessment	Very Good	Relevant to Conference theme		Good		Very Good	We could have printed the abstracts and distributed to the participants	Yes	Safe remediation practices of the contaminated areas and Disaster management from Tsunami, Cyclones, etc.
JAWAHARLAL NEHRU MEDICAL COLLEGE AND ASSOCIATED HOSPITALS Centre for Chronic Disease Control	Senior Faculty Other: Research Fellow	INDIA India		Good	Is was interesting and interactive	Health Impact Assessment	Satisfactory	Relevant to Conference theme		Satisfactory	Yes it was useful	Very Good		Yes	Time tested , traditional and holistic ways of managing and improving public health appropriate for each country/region/ state.....
University of Indonesia	Trainee or student	Indonesia		Very Good		Children?s Environmental Health	Very Good	Good Range of Topics		Excellent	We got a lot of knowledge and information about future careers from this sharing session. Their experience is very inspiring for us.	Very Good		Yes	Maternal and child health Non Communicable disease
Dr. B.R. Ambedkar University, Agra	Trainee or student	INDIA	It was a nice valuable conference providing up to date knowledge through speakers presentations and symposium on the health impacts caused by environmental disturbances and further interrelationship with economic and social development.	Very Good	None	Health Impact Assessment	Very Good	Relevant to Conference theme	None	Did not attend		Very Good	The level of expertise and knowledge of the presenters were excellent. The insights that I gained from this one conference far exceed any other conference I have attended to date.	Yes	I would like to include the subject of Indoor air pollution in future conference in view of its emerging concern all over the globe.
Public Health Foundation of India	Trainee or student	India		Very Good		Children?s Environmental Health	Good	Well Delivered				Very Good		Yes	Kindly include the topic noise pollution
Public Health Institute	Other: program manager	USA		Excellent		Health Impact Assessment	Excellent	Relevant to Conference theme	more time would have been helpful			Excellent		Yes	More on climate change
Pt. Ravishankar Shukla University	Trainee or student	India	Well organised conference	Very Good	Nice	Health Impact Assessment	Very Good	Relevant to Conference theme		Did not attend		Very Good		Yes	Best practices in the world for air pollution
Environmental Engineering, Faculty of Civil & Environmental Engineering, Institut Teknologi Bandung	Mid-Career Faculty	Indonesia	The system is okay, but sometimes it was difficult to add another registration (hotel, airport pick up, tours).	Very Good	It would be better if some oral materials (especially plenary session) could be obtained on request									Yes	Remediation or treatment technology on polluted environments or engineering aspects of environmental health.
IIFM SULTAN QABOOS UNIVERSITY	Other: PhD Student Senior Faculty	India INDIA		Excellent		Scientific and Grant Writing	Excellent	Good Range of Topics		Excellent		Excellent		Yes	
Health Effects Institute	Senior Faculty	USA	Very nicely done. The staff was very attentive and helpful. Registration process was fine except for making payment (it insisted in personal credit card!)	Excellent									Excellent	Very well done.	
International Institute for Population Sciences Indian Institute Of Public Health	Trainee or student Trainee or student	India India	The conference was well organized. Speakers were very good as well other participants too. It was an informative and interesting interaction with them. I would like to attend the next PBC conference if I get the chance.	Good		Children?s Environmental Health	Very Good	Relevant to Conference theme	It was very informative and engaging. This workshop has provided me a new area of research interest apart from my current field of interest (Demography).	Very Good	It was just excellent. The other speakers were interacting. It was a very interesting conversation with them. Not just regarding the conference, studies but also general talks were quite interesting	Very Good	Overall the conference was successfully organized. Speakers, participants, organizers everything was very good. It was a pleasant experience to be a part of this conference.	Yes	It would be interesting to for me to see demography as a part of the symposiums. It could be based on various themes based on developing countries or third world countries like child mortality, adult mortality, Burden of diseases, health expenditure, fertility etc.
Pure Earth Yonsei Univ. College of Medicine	Mid-Career Faculty Senior Faculty	India Korea		Very Good Excellent										Yes Yes	Environment and non communicable diseases, climate change
Department of Chemistry, Khandari Campus, Dr B. R. Ambedkar University, Agra	Mid-Career Faculty	India	It was well organised,	Excellent	It was nice and well organised	Children?s Environmental Health	Excellent	Relevant to Conference theme	In pre-conference, topic and providing information were most valuable , and I had gathered lot of information and ideas related to effects of environmental pollutants on children's health	Excellent	Interaction was awesome during all the sessions	Excellent		Yes	women reproductive health issues
Tamil Nadu Agricultural University	Junior Faculty	India	Well planned and executed in an effective way	Very Good	Conference period may extended and make convenient that the participants may attend all the sessions without missing. Since, some important sessions was organised simultaneously in two different venues at the same time	Scientific and Grant Writing	Good	Well Delivered						Yes	Effects of Pollutants on Human health
Environmental and Occupational Health Directorate, Ministry of Health, Sri Lanka	Other: Specialist in Community Medicine	Sri Lanka							I attended the launching of Lancet Pollution Control ceremony			Very Good		Yes	E waste Childrens environmental health issues
Universitas Indonesia	Senior Faculty	Indonesia	Very cheap conference		appropriate theme of conference							Very Good	Comittee should provide internet access or wifi	Yes	Environmental Health
BS Abdur Rahman Crescent University	Senior Faculty	India	The plenary session, other presentation and poster sessions were of high quality.			Scientific and Grant Writing	Good	Relevant to Conference theme	It was good to have session on grants writingpropos	Good		Very Good	May be more on hazardous materials and e waste	Yes	Hazardous solid wastes and toxic pollutants in waste watet
Health Care Without Harm Post Graduate Institute of Medicine	Other: Professional Trainee or student	USA Sri Lanka		Very Good Very Good		Health Impact Assessment Scientific and Grant Writing	Excellent Very Good	Well Delivered Well Delivered		Did not attend		Very Good Very Good		Yes Yes	E waste public health significance
Faculty of Public Health, Universitas Indonesia	Senior Faculty	Indonesia	Well prepared but it would be nice if we could get the certificate on-site because usually, we need it for financial report to the university	Very Good						Did not attend		Very Good	It would be nice if we could get the certificate on-site because usually, we need it for financial report to the university	Yes
