Wed 21 April 2021
9:30-11:00 UK/10:30-12:00 CET

Join Children in All Policies 2030, leaders, experts and activists from around the world for an energetic conversation about:

- The climate emergency and children's health and well-being
- A new documentary on threats to children (world premiere)
- Messages for Earth Day, the Leaders' Climate Summit and COP-26

CAP-2030, which implements the recommendations of the WHO-UNICEF-*Lancet* Commission 'A future for the world's children?', will be launched during this inaugural event.

The initiative will work with countries to protect children from new threats to their health and well-being including the climate emergency.
